## Costa Rica

SAN JOSÉ & SURROUNDINGS + GUANACASTE + CENTRAL & SOUTHWEST PACIFIC + CARIBBEAN COAST + ARENAL & CLOUD FORESTS

There are very few places in the world that can offer such an incredible diversity of scenery, climate and vacation pleasures as Costa Rica does, especially when you realize that it is only 150 miles wide from ocean to ocean and 250 miles long from border to border. In what would be an area as small as the state of West Virginia, this land of wonders can offer at any given time the soothing effect of the sun rays at a white sand tropical beach, the excitement of watching volcanoes erupt, the thrill of deep sea SCUBA diving, sports fishing, whitewater rafting, mountain biking, canopy tours or the quiet, peaceful serenity of mountain resorts where cooler temperatures offset the heat of the coastal areas and fireplaces provide the right atmosphere for a hot chocolate, an intimate Swiss-fondue dinner or the awesome presence of the quetzal, one of the most beautiful birds in the world... and much, much more!

## Belize

CAYO + MOUNTAIN PINE RIDGE + AMBERGRIS CAYE + ORANGE WALK + PLACENCIA

Ancient archaeological sites of Mayan temples, a pristine environment, the second-largest barrier reef in the world, living coral gardens and exotic marine life await you. Belize lies west of the Caribbean Sea on the Central American isthmus and is home to coral reefs and tropical rainforests, alive with hundreds of bird species, colorful fish, exotic plants and animals. In addition, the natural wonder of this land hosts inland granite basins at the base of cascading falls whose waters flow through limestone caves. From the Maya Mountains to swaying palm trees on sun-drenched beaches and ten different cultures – the result is an adventure of vacation possibilities.

## Panama

PANAMA CANAL + GAMBOA + PANAMA CITY + BOCAS DEL TORO + SAN BLAS + PACIFIC BEACHES

The footprints of thousands of years – the world's most important land bridge and an area rich in nature await you. Those seeking flora and fauna will wonder at the 14 parks, 12 forest reserves and 10 wildlife refuges. You will be in awe as you develop a cultural understanding of Panama's seven indigenous tribes living in their native lands. Discover the vibrant metropolis of Panama City, offering shopping, five-star hotels, fine dining and a myriad of cultural events. See the sun rise and set on the same beach and swim in two tropical oceans in one day... your private retreat awaits you.

## Nicaragua

MANAGUA + LEÓN + GRANADA + BEACHES

With 24 volcanoes and countless lakes, rivers and lagoons, Nicaragua is known as the "Land of Lakes and Volcanoes." Only in Nicaragua can you navigate through rivers and lakes from the Caribbean to the Pacific, because here the waters of the Río San Juan meet Lake Nicaragua. With a wide assortment of landscapes and habitats that allow for many different types of vegetation and animal species to flourish, Nicaragua is proud of its tremendous ecological diversity offering more than 70 unique eco-systems.

*Even the most discriminating traveler will find adventure.*

**Arenal volcano** is the smallest and most active volcano in Costa Rica. Long dormant, Arenal erupted in July of 1968 and has been constantly active since. Prior to this, the last eruption is thought to have been around 1500 AD. The volcano is approximately 3000 years old and has an elevation of 5500 feet. Arenal puts on an unforgettable light and smoke show nearly every day. Nighttime viewing is the most spectacular, with glowing lava and mini-explosions lighting up the sky. Later, their quest to preserve this area became an international conservation effort that today bears the fruit of the private nonprofit Monteverde Cloud Forests Reserve, a unique balance between conservation and tourism that covers more than 40 square miles. Guided hikes or maps for do-it-yourselfers give access to the well-marked trails, waterfalls, rivers and observation areas. You will see an amazing variety of flora and fauna.
